

Colin Pitt-Taylor

I have lived and worked in Whistler for the last 30 years+, having owned and operated a couple of cafes for the last 15 years. Prior to opening the first restaurant in 1994 i was chef manager at fine dining dinner house on the sunshine coast in the summers and worked as a carpenter here during the rest fo the year. since 1984 i have worked on World Cup ski race tracks in Whistler and elsewhere as a safety technician and now work with Alpine B.C. and Alpine Canada as a technical director on ski races around the province. I have sat on the adviory planning commision for the municipality and am on the museum board.

Thank You

Colin Pitt-Taylor
